PROFILE

Fullstack JavaScript Developer with 3+ years of commercial development experience building and maintaining React and TypeScript applications, reusable UI libraries, and framework integrations. Hands-on experience with React, Next.js, Node.js, REST APIs. Experienced with AI API, debugging complex codebases, and improving software reliability through testing and refactoring.

EXPERIENCE

Fullstack Developer 11/2023 – Present
XB Software Minsk

- Developed and maintained production web applications using JavaScript, TypeScript, React, and modern frontend development practices.
- Designed and implemented RESTful APIs using Node.js and TypeScript, including authentication, request validation, and error handling. Designed PostgreSQL database schemas and managed migrations using Prisma ORM.
- Developed AI-powered project management applications using TypeScript, Node.js, OpenAI API, and Ollama, implementing natural language task management through LLM function calling and semantic search using vector embeddings.
- Developed reusable UI components and implemented new features for DHTMLX and SVAR JavaScript libraries, improving functionality and maintainability.
- Investigated and resolved 90+ production bugs, performing root-cause analysis and implementing fixes to improve application stability.
- Migrated legacy JavaScript modules to TypeScript, introducing stronger typing and improving code maintainability.
- Developed a modular Scheduler application with responsive UI and framework integrations for React, Angular, and Vue.
- Implemented unit and end-to-end tests using Jest and Cypress, improving test coverage and reliability.
- Contributed to code reviews, CI/CD workflows, technical documentation, and ongoing product improvements.

Tech Support Specialist 10/2021 – 10/2022
XB Software Minsk

- Provided technical support and implemented custom solutions for client-specific requirements.
- Consistently praised for skillfulness, quick learning, and strong communication.
- Participated in remote sessions and communicated with customers via email.
- Acted as a liaison between technical teams and non-technical stakeholders.

EDUCATION

Engineer of Design 09/2018 – 07/2022
Belarussian State University of Informatics and Electronics Minsk
